## RICHFIELD LIONS CLUB

Fellow Lions,

Thank you for the honor of being your President for the next year. In the past eight years I have watched you come together with your time and talents to raise money and then return it to the needy in our community and beyond.

I have watched you bring joy to the blind, I have watched you award scholarships to deserving students, I have watched you take on needed community projects, I have watched you contribute to so many charities and needy people. I am proud to be one of you. I am proud to be a Richfield Lion.

We took a couple of big hits this past year. One was the loss of Lion Vic Debroux. Vic was a perfect example of what Lionism is all about. We will all miss him. The other was the end of our bingo night. Bingo provided us with the resources to fund many of our projects. But times change and interests change. However, before the books even closed on bingo, you the members, came up with two new projects. The Boston Store Community Days event and the golf outing, which are picking up the slack.

I don't know what you are going to come up with in the next year, but I do know it will make us all proud.

We are the Richfield Lions!

Lion President,  
Larry Ceretto

## About Lions

The International Association of Lions Clubs began as the dream of Chicago businessman Melvin Jones. He believed that local business clubs should expand their horizons from purely professional concerns to the betterment of their communities and the world at large.

Jones' group, the Business Circle of Chicago, agreed. After contacting similar groups around the United States, an organizational meeting was held on June 7, 1917 in Chicago, Illinois, USA. The new group took the name of one of the invited groups, the "Association of Lions Clubs," and a national convention was held in Dallas, Texas, USA in October of that year. A constitution, by-laws, objects and code of ethics were approved.

Among the objects adopted in those early years was one that read, "No club shall hold out the financial betterment of its members as its object." This call for unselfish service to others remains one of the association's main tenets.

Just three years after its formation, the association became international when the first club in Canada was established in 1920. Major international expansion continued as clubs were established, particularly throughout Europe, Asia and Africa during the 1950s and '60s.

In 1925, Helen Keller addressed the Lions international convention in Cedar Point, Ohio, USA. She challenged Lions to become "knights of the blind in the crusade against darkness." From this time, Lions clubs have been actively involved in service to the blind and visually impaired.

Broadening its international role, Lions Clubs International helped the United Nations form the Non-Governmental Organizations sections in 1945 and continues to hold consultative status with the U.N.

Dear Friends in Lionism,

As we set off into our third year as a LEO Club together, I look back on all that we have done so far, and am very proud that I was a part of all the excellent things that we have accomplished. We have shown the community of Richfield that we care about the area that we live in by cleaning up our highway, hosting an Easter Egg Hunt for children, our Kidz Korner tent at Richfield Days, helping out at the Fashion Show and Chicken Roast, and many other activities. In addition to these local activities, we hosted a holiday party for the members of BOLD. Our club has become an active part of the town of Richfield, and is still growing in ways to support others.

My main goal for our seventh year together is to increase our membership's activeness in the club. In order to be successful, it is vital for us all to be excited and willing to help in functions that will benefit the community. While we all have our separate busy schedules, if we want to make it work, all it takes is a little extra planning on our part, so that we can ensure that everyone is doing their part and contributing their talents to help us exceed our goals.

The purpose of LEOs is "To provide the youth of the world an opportunity for development and contribution, individually and collectively, as responsible members of the local, national, and international community." As your president this year, I am looking forward to working toward this ultimate goal. In order to meet these expectations, we have to work together and cooperate with each other. I am always eager to hear everyone's suggestions, and encourage you to voice your opinions, and talk openly. I will never turn away a suggestion, so please don't be afraid to share them. I cannot wait for all of the awesome opportunities that I know we will encounter this year. I am confident that we will have a great time together.
